

Communities In Schools

Mid-America at Southeast Kansas

January 1, 2016

Dear Supporter,

Communities In Schools of Mid-America at Southeast Kansas will be hosting its 2nd annual Golf Tournament to fund the various integrated student support programs, in each of the local schools we serve. Many of the programs offered to local students have limited funding resources. Your sponsorship and/or donation to this event, will be used to fund basic resources needed to assist in college/career readiness preparation and behavioral intervention activities that are coordinated to support the student & families we serve in Southeast Kansas. Communities In Schools of Mid-America operates in seven school sites in Southeast Kansas including Pittsburg High school, Pittsburg Middle School, Meadowlark Elementary of Pittsburg, Chanute Elementary, Chanute High School, Parsons High School and Field Kindley High school of Coffeyville.

We know that you care for the children of your community. Wouldn't it be great to have fun while supporting such a worthy cause? Our fundraising campaign will kick-off February 1, 2016 and end with this year's golf tournament to be held on May 7th at Four Oaks Golf Course in Pittsburg, KS.

Below list the different levels of sponsorship opportunities. Each level has multiple advertising opportunities and some include green fees and much more. The earlier you or your business commits the greater the advertising exposure.
